PERSHING IS HOME AGAIN

GREAT WELCOME FOR HERO

Commander of A. E. F.
Sees Homeland From
Bridge of Leviathan

FRESH FROM EUROPE
WITH HIGHEST HONORS

Hint of Tears in the Eyes
of Great Soldier as He
Viewed Native Land

NEW YORK, September 8. — Pershing is home again.

Standing on the bridge of the huge Leviathan, itself symbolic of victory over Germany, the commander of the greatest host ever gathered under the Stars and Stripes came slowly up the bay today, world-famed and hailed as a conquering hero should be.

When General Pershing left New York for Europe, he was only a major general. He came back today with four stars on his shoulders—the fourth man to wear them under the American flag.

Fresh from the capitals of allied Europe, where honors had been heaped upon him, it remained for New York to show the first American to lead an army across the Atlantic that "Home, Sweet Home" has a meaning deeper than "Hail to the Chief."

No foreign throats could voice the cheers, no alien hearts could pulse the greeting that was General Pershing's here today. There was a hint of tears in the welcome, for those who gave it knew that not even the plaudits of a grateful people could banish from the sad-faced soldier's mind the memory of his own life's tragedy.

Dawn barely had broken when the Leviathan loomed off Ambrose Channel light ship. The great steamship was greeted by a convoy of six destroyers, while seaplanes circled overhead.

The forts which guard the harbor boomed a general salute as the ship crept past quarantine and through the narrows into the harbor under the shadow of the Statue of Liberty.

While the guns still echoed, the whistles of merchant vessels, gaily decorated ferry boats and tugs, excursion craft of every kind and the sirens of factories on shore joined in a discordant salutation.

WHEN PERSHING COMES SAILING HOME

Gen. John J. Pershing, the latest portrait of him.

Now that the stern days of the war and the trying period immediately following the signing of the armistice are at an end, General Pershing, commander of America's forces on the European battle fields, has a right to smile. The picture above shows him with the big genial smile which greeted those who welcomed him on his return to America. He reached New York on the Leviathan, September 8, and will be the guest of that city for a few days before going to Washington to report to President Wilson.

lyn, New Jersey and Manhattan were lined with thousands. The liner came up to her pier at 8 o'clock, and as she was being warped into her place there was tremendous volley of cheering from the crowds.

General Pershing, smiling in appreciation, bowed repeatedly in response. At the pier were many dignitaries of the nation, state and city, and it was there he was welcomed on behalf of the nation.

General Pershing stepped ashore at 9:20 o'clock. Waiting for him was Secretary Baker with hands outstretched. After the first greeting, General Pershing made this statement to The Associated Press:

"There isn't anything of consequence to say in circumstances like these. It is overwhelming, overpowering."

"To say that I am glad to be home is superfluous. I accept this in the name of the brave fellows who came over and served to the best of their ability, making our success possible."

When Congress conferred the permanent title of General upon John J. Pershing he became the fourth man to hold that coveted title in the army of the United States. The other three were Grant, Sheridan and Sherman.

As late as the time of the Russo-Japanese war in 1904, Pershing, over 40 still was a captain in the regular army. His associates say he never grumbled, but always kept plugging at his job. Reams and reams have been written about how he took a prominent part in the pacification of the Philippine islands and how President Roosevelt made him a brigadier

general jumping him over the heads of exactly 862 other men who were senior to him on the service roll.

When Pershing took the punitive expedition to Mexico after the bandit Villa, he became the only living officer in the American army who had commanded any body of troops so large as a brigade in anything approaching action. It is true that the late General Funston commanded more than a brigade on the Vera Cruz expedition but Funston's troops never got into action.

TRAGEDY ENTERS LIFE

A terrible tragedy had come into Pershing's life during his Mexican border service through the loss of his wife and three of their little children who were burned to death in their home at the Presidio, in San Francisco, during his absence. It was said of him in France that he was never tired; he could be called upon any hour out of the twenty-four for consultation or direction without complaint on his part, in contrast with some of his famous colleagues in the Entente armies.

Pershing believed in teamwork, he knew that what ever success the Germans had attained was through their unified command of the armies of the Central Powers. So he was not only willing but anxious to see the same principle adopted by the Entente armies. He sank his private ambitions and freely tendered the services of the last American soldier and all his army equipment to General Foch at the most critical point in the campaign. There is said to be no doubt

WILSON DENOUNCES RESERVATIONS PLAN

Speaking at Omaha the Chief Executive Turns to the Reservists.

ASSENT WITH "BUT" IS HIS CHARACTERIZATION

Reservists Would Sit at the Door With Hand on the Knob Ready to Run if Frightened.

By Associated Press.

Omaha, Nebraska, September 8. — Discussing for the first time during his speaking tour proposed reservations to the League of Nations, President Wilson replied in an address here today to arguments advanced by those who favor reservations.

"A reservation," said the President, "is an assent with a big 'but.' We agree—but."

The proposed reservations providing for unconditional withdrawal from membership, said the President, meant that its sponsors wanted to "sit near the door with their hands on the knob," and if they saw anything they did not like, to scuttle and run.

The league provision that international obligations must be fulfilled before withdrawal never would restrain the United States, he said, because this nation would always live up to its provision.

Those who wanted a reservation to Article 10, he said, simply did not want to come in now, but wanted to be "late joiners."

Any reservation regarding the Monroe Doctrine, he added, was unnecessary, because the doctrine had been authenticated by the big powers of the world for the first time.

The only way the Shantung provision could be bettered, he declared, would be to go to war with Japan, England and France.

He said the nation "could not sign all but a part of the treaty."

"We cannot rewrite this treaty," said he. "We must take it or leave it."

He said he believed the treaty would be accepted soon, but added: "No man can tell how long it will take the United States Senate to do anything."

SPRING WHEAT CROP PROSPECT BEING REDUCED

Corn has a Good Month and Present Prospect Exceeds August Outlook

(By Associated Press.)
Washington, September 8.—Further decline of the spring wheat crop reduced the prospective production 17,000,000 bushels during August, but corn had a good month and shows a prospective output 70,000,000 larger than indicated last month, according to the government's September crop report, issued today.

Forecasts of crop production, based on conditions September 1, were announced as follows:

Winter wheat, 715,000,000 bushels; spring wheat, 298,000,000 bushels; all wheat, 923,000,000 bushels.

Corn, 2,858,000,000 bushels; oats, 1,225,000,000 bushels.

Condition of all wheat is 67.3 per cent of normal, corn 89 per cent of normal and oats 73.1 per cent of normal.

(By Associated Press.)

Columbus, O., September 8.—Former State Food Administrator Fred C. Croxton will not accept Attorney General Palmer's request that he establish a fair price committee in Ohio to handle the high cost of living situation.

Returning from his vacation today, he wired the Attorney General that he has not the financial means to enable him to carry on the work without compensation.

ENGLAND'S BUSIEST BUSINESS WOMAN IS ON WAY TO AMERICA

Viscountess Rhonda.

The Viscountess Rhonda, daughter of the late British food controller, is called the busiest business woman in Great Britain. She is now on her way to Canada from whence she shall go to New York, spending two months there. She has carried on his business interests since last year and her visit to New York is purely a business one.

LODGE WILL NOT PREDICT TIME NEEDED

Majority Report of Committee is Brief One, He Says

(By Associated Press.)

Washington, September 8.—Senator Lodge declined to predict how long the Senate would require to dispose of the treaty. The majority report of the committee on the treaty is said to be unusually brief, comprising about 2,500 words.

Senator Simmons, democrat, of North Carolina, announced to the Senate today that while he favored ratification of the treaty without amendment or reservation, he was convinced that concessions must be made to those favoring reservations, and that he had been discussing with democrats a "compromise on conservative resolutions of an interpretative character."

EIGHT INJURED POWDER LETS GO

Steuernville, O., September 8.—Eight men were seriously burned when a keg of powder caught fire from an electric wire in the Wolf Run Mine of the Warner Coal Company, near Amsterdam, this morning.

HIS FIRST DAY FILLED WITH HONOR

General Pershing's First Day at Home Crowded with Receptions.

(Special to The Herald)

New York, September 8.—From 8:30, when the Leviathan arrived at her dock in Hoboken, until late today, General Pershing's first day on the home shore was filled with receptions, luncheon, and was to be concluded tonight with a theater party.

BAKER EXPRESSES NATION'S GRATITUDE

After the informal greetings were over, Secretary Baker welcomed the Commander-in-Chief in behalf of the United States. After expressing his own gratitude, he read a letter from President Wilson, telling of his regret at not being able to join in the reception and pay tribute to the returned soldier, as Commander-in-Chief of the Army and Navy.

At the close of his address, Mr. Baker handed to General Pershing his permanent commission as a full general in the American Army.

All the way down Broadway, between dense crowds, on his way to the City Hall, General Pershing was given great ovations. After the exercises at the City Hall, General Pershing and his party rode through cheering crowds to his hotel.

RUMANIAHS ARE NOTIFIED TO SIGN UP

Supreme Council Tells Ally to Drop Reservations Talk.

(By Associated Press)

Paris, September 8.—The supreme council of the peace conference today informed Rumania that she must sign the peace treaty with Austria without reservations or abstain altogether from signing.

The Rumanian peace delegation has not yet reached a decision in the matter.

Previously it was reported the Rumanian delegation had sent a note to the peace conference declaring its intention was to sign the treaty with reservation.

COMMITTEEMEN ARE NAMED FOR HOSPITAL DRIVE

In preparation for the big drive to take place within a few days for the solicitation of stock in the new hospital consideration, the committee has selected twenty teams to carry the work forward and complete it in a few days when once started.

This drive will take place during the next ten days, it is said, and will cover the entire county. Every person will be expected to lend their aid and assistance to the workers.

The crying need for a new and larger hospital was never better illustrated, it is stated, than during the past week-end when the Fayette Hospital became crowded to such a degree that it was necessary to place one patient in the operating room, another in the Secretary's office and one patient, a small boy, was placed in the hallway. This congestion is a frequent occurrence and the only remedy for it, it is declared, is a new hospital.

Wednesday evening at the Y. M. C. A. the chairmen of the teams with their committeemen will meet to formulate and discuss the plans for the drive. It is imperative that each person in the list be present.

The chairmen and their committeemen follow:

SLEEPS IN PEACE AFTER WEARY YEARS OF INVALIDISM

After eight years of invalidism the eternal summons came with unexpected suddenness to Mrs. Ellen Jenkins, widow of the late James Ervin Jenkins, at the homestead on East street Saturday night a few minutes before eight o'clock. Although since suffering a stroke of paralysis eight years ago, Mrs. Jenkins has in a large measure been separated from the activities which formed so large a part of her life in earlier years and confined to the house for some time, there had been no fore-warning of the coming of silent messenger until within a brief half hour of his coming.

Mrs. Daniel H. Van Winkle, the daughter with whom Mrs. Jenkins had made her home and who together with the devoted Aunt, Miss Ellen Jenkins, also a member of the home circle, had given to her during these years of illness constant and affectionate care, were with her. It was a matter of much regret that there was no time in which to summon the other daughters, Mrs. C. C. Philbrick, who although residing in Columbus has spent as much time as possible with her mother.

Mrs. Jenkins belonged to one of the pioneer families of the county, being the daughter of David and Mary Rogers who came here from Pennsylvania in the early colonizing days. She is the last of her family, two sisters, Ruth Ann and Sarah Elizabeth Rogers and three brothers, John, Benjamin and Alexander Rogers having preceded her into the far country.

The immediate home circle had narrowed for her, yet, it included with the two daughters, their husbands, the only grand children, Ervin and Jane Ann Van Winkle and the aunt in the home, a large relationship and a number of nieces and nephews between whom and their aunt existed a close attachment, and throughout her life a large number of warm personal friends.

Mrs. Jenkins had been especially interested in her earlier life in the Woman's Relief Corps and the Order of the Eastern Star, of which she was a charter member. She was one of the women most prominent in Relief Corps circles and held a number of offices among them that of President.

She was a conscientious member of Grace M. E. church for half a century and always interested in charity work and what ever pertained to the welfare of her community.

At three o'clock Monday afternoon Rev. Arthur P. Cherrington held a simple and affecting little service in the home and at its close the burial was made in the Washington cemetery.

The large rooms were filled with relatives and friends, and there was a large representation of the two orders with which she had been so actively identified.

Rev. Cherrington read the 91st Psalm, passages from the Gospel of St. John and the hymns, "Asleep in Jesus" and "Lead Kindly Light," and supplemented a brief sketch of her life with an appreciative personal tribute and appropriate remarks.

There were many beautiful floral remembrances including a superb basket from the W. R. C. and floral emblem from Royal Chapter No. 29. The pall-bearers were all nephews, Messrs. Austin F. Hopkins, Scott Hopkins, John and Lee Rogers of

Bloomington, Wert Rogers and Ralph Penn.

Mr. and Mrs. C. C. Philbrick of Columbus, were here for the services.

HOME BOY TAKES TRIP IN PASSING PLANE

Sunday afternoon at 4:30 o'clock when Billie Brock, an ex-army man flew over this city on a trip from Gallipolis to Dayton in an airplane owned by a private company, he was forced to descend near Jonesboro because of lack of gasoline and upon receiving the required fuel he took with him to Dayton, Sherman Brownell, a local young man.

Soon after passing over the city Brock discovered that his gasoline supply was running low and selecting a small field on the Wilmington and Jonesboro pike he made a safe landing and telephoned to the J. E. Smith Oil Company who promptly supplied him with Liberty gasoline.

A party of young men saw the aviator land in the field and went to the scene where they started a conversation with him. It was proposed by Sherman Brownell that the birdman take him to Dayton, the flyers destination, and for a specified sum it was agreed that he would take him as a passenger.

The young man was strapped in the machine and the aviator made a safe getaway in the direction of Dayton. Pete Willis and Charles Brownell followed in their car.

It required forty minutes to make the trip to the McCook field and before reaching the city the aviator looped the loop and executed several difficult feats. An altitude of between 3500 and 4000 feet was reached.

Later in the evening the boys in the auto reached Dayton and brought young Brownell back home. He stated that riding in the plane was about the same as riding on the ground with the exception of the height.

He has the honor of being the first civilian in Fayette county to ride in an airplane.

FELLOWSHIP MEETING

Nearly one hundred and fifty pupils of the local Church of Christ Bible School, immediately after the morning service, went to Sabina, Sunday, to attend a fellowship meeting at the Sabina Camp Grounds. With well filled baskets they were conveyed to this meeting place in two large trucks and about a dozen automobiles. Here they were joined by similar delegations from the Wilmington and Sabina schools.

Shortly after arriving a bounteous lunch was spread upon the "hotel" tables and upon the grass.

After the dinner a social hour of good fellowship was enjoyed. The schools assembled in the large auditorium where a program was rendered consisting of speaking, singing, readings and several selections by the Dunning Orchestra of Sabina.

So enjoyable and helpful was this meeting and so inspiring was the fellowship that it seemed to be the unanimous desire to plan for a similar gathering next year. It is hoped that this fellowship meeting will become an annual affair.

The G. A. R. Reunion

This week in Columbus the Grand Army of the Republic will hold its annual reunion. The ranks of the veterans of the Civil War have thinned at an appalling rate since the national reunion was held in Columbus in the 'eighties.

At that time the capital city of Ohio entertained about 150,000 veterans of the war and members of auxiliary organizations. This year there will probably not be over one-third of that number in attendance at Columbus.

During that reunion week thirty years ago all trains leaving Columbus were hours late on account of the tremendous crowds to be handled. The union station was a solid mass of humanity. This year Columbus will scarcely notice the crowds upon the streets, on the cars and in the hotels, so rapidly have the passing years reduced the ranks of the "Boys of '61."

The G. A. R. is fifty-three years old this year. The veterans will march with feeble and faltering footsteps in what may probably be the last national reunion. Those heads silvered by the passing years will be bowed to the inevitable, but their hearts will throb with pride as their brave old hearts beat true with that patriotism which saved the nation half a century ago.

Honor to the boys in blue. Ohio bares her head as they gather in what may be their last grand rally.

Times have changed since '61, but the patriotism of America today is not different from that which sent the boys to the front in the Civil War.

General Pershing

General John J. Pershing, commander-in-chief of the American expeditionary force, returns to his native land today, his right to a place in the highest military councils of the world unchallenged because of the thoroughness of his work in the world war and his proven genius as a leader.

It is dear to American hearts to realize that today's hero, returning home with laurels won, is the product of American democracy, a man grown from the bare-foot lad with jeans pants who, with dog and rod, lived in that great new section—Missouri.

The man of the people took his place with the auto-crats of birth and made more than good.

Honor to Pershing and honor to the land and the government that produced Pershing.

Construction, the Demand

Whatever the result of President Wilson's tour of the nation, as he explains it, not to debate the terms of the treaty or the league of nations covenant, but to urge adoption of both by the Senate of the nation, to explain their terms and to make his report of the peace conference proceedings direct to the people of America, it will be a distinct victory for democracy.

As a result of the speech-making tour of President Wilson, the American people are certain to have a better understanding of the treaty and the league covenant and public opinion is certain to crystalize into a demand for definite action which even a noisy and tardy Senate dare not disobey.

It is proof of the existence of wholesome conditions when the nation's chief executive goes directly to the people with his appeal for support and his explanations. For the time at least the people should turn a deaf ear to the bickerings of those bitter partisans in Washington who have had weeks and months of opportunity to present their arguments against the treaty and the league covenant and to offer a substitute for both or either one, but have failed utterly to do aught except indulge in bitter debate on minor issues, indulge in personal abuse and petty fault-finding.

This nation and the whole world is weary of destructive acts and words and arguments which urge destruction. This nation and the world demand constructive deeds and words.

If the Senate can't offer a better substitute to guarantee the peace of the world than the league covenant presents, then it should withdraw its opposition. The strongest argument that President Wilson presents is the demand for affirmative action or a termination of the fight against it.

There must be an end of the long drawn-out discussion and it seems reasonable to expect that the end will come soon after the return of the chief executive to Washington and that it will end in approval of the program of construction.

But whatever the result, the encouragement that is to be gained from the very evident fact that all is well with America, that the right spirit prevails and the voice of the people will rule in the end, is compensation for all.

POETRY FOR TODAY

THE ISLAND OF YAP.

Have you heard of the wonderful island.

Set like a gem in the seas,
where life the day long
is a sequence of song

And joy neath the cocoanut trees?
Where far from the clamor of cities,
In some remote place on the map,

A haven exists
Which the atlas has missed—
The wonderful island of Yap?

It is true, for a Senator said it—
And Senators sometimes are keen—
The island is there,

I don't know just where,
But they say "it is sparkling and green."

What a climax of knowledge and meaning
Is dumped free of charge in our lap!

How pleasant to know
The right place to go—
The wonderful island of Yap.

Will some one with kind disposition,
And one or two dollars to spare,
Please charter a ship,

Arrange for a trip,
And take a few Senators there?
Perhaps they would find inspiration

And wake up at last from their nap;
But if they would not,
Why leave the whole lot

On the wonderful island of Yap.

that his example affected the other commands and went a long way toward bringing about the unification of the Entente armies under Marshal Foch.

It was not until Pershing was certain that the plans he had made with the assistance of his own staff for a successful campaign into Alsace-Lorraine had behind them the support of a sufficient number of American soldiers that Pershing felt justified in taking complete command of an important sector of the line of battle with the full assent of Marshal Foch and with the result that the American army broke the morale of the Germans and brought the war to an end.

For what he did in Europe Pershing has been praised beyond measure by the greatest rulers and soldiers of the world who have been glad to welcome him and press his hand.

CORN CUTTING
NOW UNDER WAY

Corn cutting in Fayette county is now becoming general, scores of farmers opening their field Monday morning, although a great many had done so last week.

The hot, dry weather has caused the corn to ripen rapidly with the result that full harvesting of the corn crop can proceed without delay.

Quite a few men and boys from the hill counties are arriving to help in the work of cutting corn, attracted by the high prices paid for this work.

Many farmers are also engaged in filling their silos, and the work is occupying a large number of men in the county, there being scores of large silos to be filled within the next week or two.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Mrs. W. B. Hershey resigned her position as head of the Frank L. Stutson Company's millinery department last week, her resignation taking effect Saturday night.

For twenty-five years Mrs. Hershey has had this millinery department in

charge and has given to it a conscientious and capable management that proved its efficiency in a constantly growing business and a thoroughly up-to-date department. Her winning personality, experience, taste and always courteous interest in customers won for her an exceptional popularity with a large patronage.

Much regret will follow the announcement of her resignation due to her desire to attain a much needed rest after the strain of so many years of responsibility.

It is quite possible that at some future time Mrs. Hershey may resume business relations with the company with which she has been so long and so pleasantly associated.

Mrs. L. G. Spragg takes Mrs. Hershey's place as head of the millinery department. Mrs. Spragg has been connected with the department during the past year and has shown an ability out of the ordinary and proved herself quite capable of taking over a position of such large responsibility.

Saturday evening a jolly little party, including Misses Ruth Reid, Edith Worthington, Gretchen Willis, Dorothy Rogers, of Wilmington, Gladys Fenner and Kathleen Davis, Messrs. Selsor Fenner, Howard Harper, Robert Jefferson, Renick Allen, Robert McFadden and Howard Gregg, motored to Rock Bridge for a delightful moonlight roast.

The affair was in compliment to Miss Rogers who has been the guest of Miss Edith Gardner.

Mr. and Mrs. H. M. Kingsbury were guests at a birthday dinner at the home of Mrs. Kingsbury's sister, Mrs. R. M. Rilea, in Blanchester, Sunday.

Mrs. Rilea's two grandsons who have just returned from overseas, were also among the guests and the occasion was one of much enjoyment and interest.

Mr. and Mrs. George Jackson and daughter, Miss Emma, entertained a family party Sunday in honor of their guests, Mr. and Mrs. H. W. Riley, of

Champaign, Ill., and Hon. and Mrs. R. C. Dillavon, of Billings, Mont.

Following an elaborate dinner, of beautiful appointments, at the Cherry Hotel, the party adjourned to the Jackson home for a family reunion of more than ordinary pleasure.

Also included among the guests were Mr. and Mrs. James A. Eggleston, of Kingfisher, Okla., Mr. and Mrs. Frank M. Fullerton and daughters, Misses Margaret and Dorothy, Mr. and Mrs. Frank S. Jackson, daughters, Helen Louise and Judith Ann.

Dr. Grant Marchant and family had as their dinner guests Sunday at their hospitable home in Milledgeville, Dr. Charles Allen, of Tampa, Fla., Dr. and Mrs. Charles Adams and Miss Mary Summers, of Springfield, Miss Helen Kuntz, of Dayton, Mr. and Mrs. Frank Powers and Miss Emma Smith of Milledgeville.

An annual reunion always marking a red letter day with the sisters and brothers took place Sunday at Cherry Hill when three sisters, Mrs. Lynn Smith, Mrs. Will Craig, Mrs. Thos. Collopy, two brothers, Messrs. West and Harry Backenstoe and one brother-in-law, Mr. George Bryan, and their families gathered with generously filled baskets.

The reunion this year was held on the birthday of Mr. Harry Backenstoe giving added interest to the occasion.

It was an all day affair, with a splendid picnic dinner and the only shadow upon the day's pleasure the memory of the sister, the late Mrs. George Bryan, who had always been an active participant in these gatherings.

Relatives and friends here from a distance were Mr. and Mrs. Albert Stehle, of Columbus, Miss Hazel Stelzer, of Columbus; Misses Mildred and Olive Truitt, of South Salem.

The fourteenth Pavey-Johnson reunion, held at Cherry Hill Saturday, recorded itself as a brilliant success, rivaling many enjoyable reunions of the past in a day of overwhelming pleasure and interest.

A hundred and twelve member of these large and well known families were registered and it was a day entirely devoted to visiting and the recalling of those incidents markedly of interest in the family life. An extremely well written history of the Johnson family was presented by Mrs. Tasso Post and excellent talks were made by Mr. J. E. Mark, Supt. Wm. McClain and Mr. Henry Ventman of Sabina.

Of course the noon hour claimed the interest all its own with one of the finest picnic dinners on record, plenty of ice cream and lemonade and every thing that is known in the picnic menu.

Relatives from Sabina, Leesburg, Columbus, Wilmington, Greenfield and Xenia joined with those in this county.

Messrs. V. C. Rowe, J. E. Mark and John Wead composed the committee, and were assisted by Mr. H. D. Johnson, President, and Miss Fannie Weaver, of Columbus, Secretary.

SCHOOLS OPEN AND ATTENDANCE ABOVE NORMAL

Large Number of Pupils From Rural Sections Indicated by Autos.

Auspicious Opening Indicative of Highly Successful Term.

Monday morning at eight o'clock the scene at the public school buildings in this city was one of intense activity. Evidence of the many who are attending the city schools from the rural districts was shown by the great number of automobiles which lined the curb about the school grounds.

They were all there. From the little tots scurrying to the school building for their first experience to the sedate seniors entering the fall term with the hope and expectation that it would be their last time.

According to Superintendent McClain, the indications are the best for some time for one of the most successful school years on record.

The list of teachers in the grades is complete, and the high school is lacking but one instructor. Lowell Mason Price, who had been employed and elected by the board, wired Superintendent McClain Saturday evening that he had been offered a higher salary at Akron and would accept. This leaves a vacancy in the chemistry department.

It is stated that another competent man is in sight and that the vacancy will be filled in a short time.

AUTO DRIVERS GIVEN WARNING

Warning has been issued that auto drivers passing the streets along the respective school buildings of the city, and the Central Schools in particular, must obey the laws regulating the speed limit, under penalty of arrest and fine.

The opening of schools and the speed mania which apparently has taken hold of many drivers form a combination which is highly dangerous to the children who might chance to be crossing the streets it is pointed out.

TWO YARD ENGINE CREWS PUT ON HERE

Beginning Monday morning two yard engine crews were put on at this point to take care of the large amount of switching necessary.

The first trick is 6:00 a. m. to 2:00 p. m. and the second trick from 2:00 p. m. to 10:00 p. m. And there is a possibility that a third crew may be placed on the job in the near future.

A new yard engine, better equipped than the old also has been placed at this point.

Not knocking Taste at all —
Of course, we're not knocking taste. Chesterfields have taste, and it's some taste, too. But there's more than taste to Chesterfields.

They do what every smoker has always wished a cigarette would do. They go straight to your "smoke spot". They satisfy.

And Chesterfields alone can do this. Because the formula for the Chesterfield blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated. Only Chesterfields can truly say —

They Satisfy

FISH GET FLIES IN PECULIAR WAY

Two or three men in this city vouch for the truth of this story, declaring they witnessed the almost unbelievable occurrence.

According to one of the men they were at work about a quarry pool on the Leesburg pike Saturday and their attention was attracted by something leaping from the water about a number of cows that were wading in the pool. A closer inspection disclosed that sunfish about four inches long were leaping as much as ten inches out of the water and picking flies from the cows.

VISITORS CARRY HOME THE BACON IN HUGE CHUNKS

Athletics Simply Swamped By Wilmington Clintons in 15 to 1 Contest.

Pinto's Removal Makes Matters Worse—Largest Crowd of Season Present.

True to their own prophecy the Wilmington Clintons took home the bacon—and lots of it—after their engagement with the Athletics Sunday afternoon at Sunnyside Park. Fifteen to one was the score and the Athletics were forced to surrender before the largest crowd of the season.

"Lefty" Pinto and his own catcher were present in the best of form but even this did not keep the raven of defeat from settling on the Washington banner. For five innings Pinto pitched wonderful ball and breezed along in great style.

Working on a one run lead, he pitched carefully but in spite of this the Clintons put an unearned marker across in the fourth. In the sixth inning McCall was safe on an error.

when Watts threw the ball over Grandie's head. This was the turning point. Frey was safe on an error. Three hits, intermingled with a sacrifice, put across two earned runs and two of the unearned variety.

After a short consultation, which proved disastrous, Reno went to the hill and got the next two men in order with three pitched balls.

When the seventh inning opened Morris went to the mound and such a fusillade of base hits greeted him that in the three innings he graced the hill ten runs were scored by the visitors. Three three-base hits combined with a two-bagger and numerous singles did the execution.

In the meantime Heironamus was holding the Athletics safe at all stages and they never crossed the plate after the first frame when Nip Jones put across the run that saved a shut out. His support was of a high class nature and only one error was made behind him. McCall dropped one during the latter part of the game which cost nothing.

It must be said that Adams and Corwin were the mainstays in the local defense and both played the kind of ball that wins games. Adams went behind the bat in the seventh and caught a clever game. Corwin knocked down a number of sizzlers which looked to be hits but were out when put in his direction.

NOTES OF THE GAME.

Davis was the only Clinton who

failed to get a hit or score a run but he was passed his last time up.

Pinto is a great favorite with the fans and never failed to get a big hand when he went on the field.

After poling the ball for three bases McCall stopped in the path between third and home and let Nip put the ball on him in the eighth.

Easily the largest crowd of the season packed the stands and bleachers to overflowing. A large number of Wilmington rooters were present.

Washington at Wilmington next Sunday with the Athletics ready for revenge.

LANDS BIG ONES FROM NORTH FORK

Two exceptionally good small mouth black bass were pulled from the waters of North Fork, Sunday, by Jacob Jexon, who used artificial bait in landing the two beauties.

One of the bass weighed 3 pounds 10 ounces, and the other 2 pounds 4 ounces. They have been entered in the fishing contest of the Fayette Fish and Game Association.

BIG KNOTS CAME IN HIS MUSCLES SAYS LIMA MAN

Rheumatism Caused Great Suffering; Was Constipated; Nervous; Stomach Out of Order, and Had Dizzy Spells.

Declares Dreco, The New Root and Herb Remedy, Knocked Them Out.

"My condition was growing serious, and I was getting worried about myself," said Mr. R. Shoemaker, of 1008

E. High St., Lima, O. Mr. Shoemaker has been with the D. T. & I. R. R. for 12 years, and is highly esteemed by the company.

"I suffered from constipation, liver and stomach troubles; had no appetite; was nervous and couldn't sleep, and often got very dizzy. Backache and rheumatism caused much suffering, and knots would come up in my muscles.

"Since I've been taking Dreco, these knots are gradually disappearing; my constipation is only a memory, and my nerves are steady so that I sleep sound and well. The pains in my back and limbs are all gone, and I eat big, hearty meals, and my stomach takes care of them, without any after distress or uneasiness. Really I am so much better I can hardly describe it in words. My advice to any one suffering as I did is to get Dreco at once, without delay."

Dreco acts on a sluggish liver and thereby relieves headaches; dizziness; foul breath; bad taste in the mouth, and spots floating before the eyes; overcomes kidney weakness, relieving backache and rheumatism. Dreco aids the stomach and puts a stop to gas-forming. Acts on the bowels, overcoming constipation.

All good druggists now sell Dreco and it is highly recommended in Washington C. H. by Frank Christoford.
